MOWERS

Rotary Slashers/Brush Cutters:

Sabre (18-40hp)	01
M-Series (35-80hp)	01
HD Series (60 - 100hp)	02
Jumbo (80 - 250hp)	02

Mulchers / Mowers:

GMM Gearmower 3n1 Multicut	03
GMM HD & XHD	05
GMT Gear Drive Pasture Topper	06
TM Twin Belt Drive Pasture Toppers	06
Vector Hydraulic Wing Fold Roller Mower (3.4m)	07
PM Parks & Sportsfield Roller Mowers	08
PMM Minipark Roller Mower	08
GMX Roadside Mower	09
Titan (120-250hp)	10
GMF Wide Area Mower	11

Vineyard & Orchard Mowers:

GMR Series - Rear Discharge	13
GML Series - 2-in-1 Mulcher/Mower	13
GMS Series - Side Discharge	13
XHD Extreme HD Mower	14
MX Single Rotor Vineyard Mower	15
ATV Pasture Topper	15
ATV Tow Flail Drum-Mulcher	15
ATV Vineyard ATV Mower	16

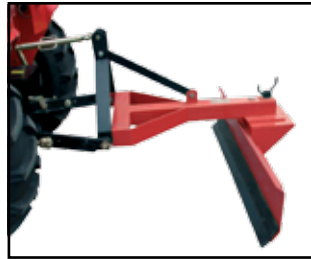

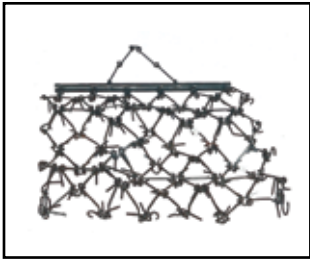

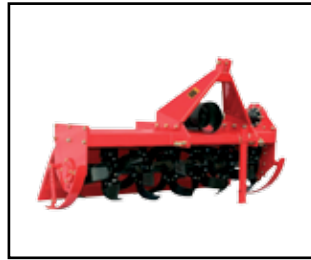

POST DRIVERS

Push Type Lawn Broadcast Spreader	41
Towed Lawn Sweeper	41
Turf Shark Lawn Aerator / Spiker	42
40" Tine De-thatcher	42
Earthway Hand Spreader - Seeder	42
Vacuum Collectors for Ride-on Mowers	43
Earthway Seeder	43
Fertiliser Applicator Attachment	43

SABRE ROTARY SLASHER

Sabre (18-40hp)

- 18-40 hp compact tractors; Cat I
- Adjustable skids
- Offsettable linkage
- Fitted with stepped slasher flail
- Folded steel plate decks with integral double panels in stress zones - for a rigid chassis that takes the knocks
- Clean, obstruction-free body lines for minimal grass build-up
- Floating top link
- Tough 5mm deck
- PTO driveshaft

SABRE 1200	1.2m (47") wide, 2 flails	\$2,290
SABRE 1500	1.5m (60") wide, 2 flails	\$2,590
	4 flail upgrade add	\$445
	Full width Rear Roller fitted	\$830
	"Hot Skids" heat treated skid wear plates (pair)	\$250
	Friction clutch	\$425
	Ratchet clutch PTO	\$595
	Grass flow/spreader vane fitted	\$120
	Gold Tips fitted (2 or 4 blade)	\$165
	Front or rear rubber safety skirt	\$490

M-Series (35-80hp)

- Medium weight, 35-80hp tractors, Cat I & II
- Slasher/topper/mower
- Fitted with stepped slasher flail
- Adjustable skids
- Offsettable linkage
- Folded steel plate decks with integral double panels in stress zones - for a rigid chassis that takes the knocks
- Clean, obstruction-free body lines for minimal grass build-up
- Floating top link
- Tough 6mm deck
- PTO driveshaft

M-SIXTY	1.5m (60") wide, 2 flails	\$4,590
	4 flail upgrade (M60)	\$495
M-SEVENTY	1.8m (70") wide, 2 flails	\$5,390
	4 flail upgrade (M70)	\$595
	Full width Rear Roller kit fitted	\$1,070
	Friction clutch	\$495
	Over run clutch	\$995
	Grass flow spreader vane fitted	\$195
	Gold Tip flails fitted (2 or 4 blade)	\$250
	Front or Rear Rubber Safety Skirt	\$490

HD Series (60 - 100hp)

FEATURES:

- 60-100hp tractors; Cat II
- Adjustable skids
- Floating top link
- Stepped axe flail
- Heavy duty laminated twin 6mm deck
- PTO driveshaft
- Front chain guards
- Monocoque chassis construction
- For cutting up to 50mm (2") scrub

H.D. SIXTY	1.5m (60") Slasher, 2 axe flails	\$7,400
	4 flail & Multicut mulching system upgrade add	\$990
	H.D.Rear safety chain skirt	\$980
H.D. SEVENTY	1.8m (70") Slasher, 2 axe flails	\$8,200
	4 flail & Multicut mulching system upgrade	\$990
	Full width Rear Roller kit	\$1,040
	Cam clutch integrated PTO (1300Nm)	\$1,895
	Over run clutch	\$995
	H.D.Rear safety chain skirt	\$980

EXTRA FOR HD SERIES:
4 Blade Mulch Upgrade (with chain chokes)

Jumbo (80 - 250hp)

FEATURES:

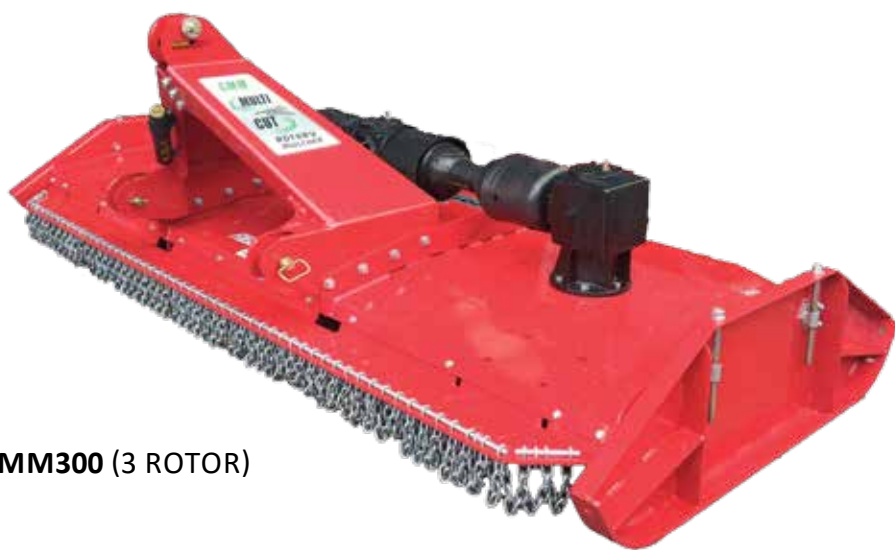

- 80-250hp tractors; Cat II
- Slasher/brush cutter
- Stepped axe flail
- HD circular 16mm flail plate
- 4 x 16mm HD axe flails
- HD PTO driveshaft
- 10mm plate deck
- 100rpm gearbox
- Heavy gauge linkage and deck fabrications with integral bracing and double panels provide a rugged and robust platform for scrub slashing
- Extra high skids and extended length gearbox provides 'throat clearance' for large diameter mulching
- Super Ag Series gearboxes with upsized (1-3/4") 20 spline input shafts are driven through 8 series
- PTO drivelines to handle power demands of large tractors.
- Jumbo blades are flame-cut and precision-milled from Bisalloy 400 High Strength plate for long lifespan in continuously heavy conditions

JUMBO	1.8m (72") Slasher/Brushcutter	\$13 700
	Mulching kit fitted with chain chokes	\$1950
	Cam clutch integrated PTO (2000Nm)	\$1995
	Over run clutch	\$1195
	H.D.Front safety chain skirt	\$930
	H.D.Rear safety chain skirt	\$980

GMM Gearmower 3n1 Multicut Mulcher/Topper/Slasher

GMM300 (3 ROTOR)

The GMM Gearmower - the preferred choice for mulching work:

FEATURES:

- Lower power requirement means less diesel consumption
- Simple transmission system with lower cost parts means reduced maintenance costs
- The transmission system delivers full PTO power to the blades which means less slippage
- Fitted standard with triple stack mulching blades and front safety chains
- Removable rear mulch retaining panels
- Easily changed over to be used as a H.D. pasture topper or slasher by changing the blades
- European gearboxes, driveline and cam clutch integrated PTO (1300Nm)

MAIZE STUBBLE

MULCHING RUSHES

MULCHING RATSTAIL

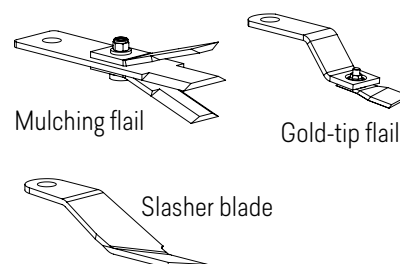

MULCHING KIKUYU

EURO GMM 180 'MULTI-CUT'	1.8m wide, 2 rotor suits 30-80hp Tractor	\$12,500
EURO GMM 200 'MULTI-CUT'	2.0m wide, 2 rotor suits 30-80hp Tractor	\$13,500
EURO GMM 230 'MULTI-CUT'	2.3m wide, 2 rotor suits 40-80hp Tractor	\$14,300
EURO GMM 270 'MULTI-CUT'	2.7m wide, 2 rotor suits 50-90hp Tractor	\$14,700
EURO GMM 300 'MULTI-CUT'	3.0m wide, 3 rotor 70-130hp Tractor (1000RPM)	\$16,500

COMPLETE MACHINE BLADE SETS:

TTMK	Spare Mulcher flail set c/w triple stack flails (160-270)	\$680
TTNK/300	Spare Mulcher flail set c/w triple stack flails (300)	\$940
AKF	Spare Axe type slasher flail set (160-270)	\$240
AKF/300	Spare Axe type slasher flail set (300)	\$360

GMM GEARMOWER

“ I’ve been the proud owner of several Fieldmaster GMM series mowers for more than 8 years. We use these machines on a daily basis in our contracting business, and they are most definitely the cornerstone of our service provision. Versatility is the key to our operation, and our GMM’s enable us to use the same machine for tasks from heavy gorse mulching right down to golf course fairway mowing, (with appropriate blade selection). If you want absolute proof with excellent videos of the gear in action, search YouTube for “BlockBustersCoNZ” and “Fieldmaster”, or visit our website www.blockbusters.co.nz. I simply cannot overstate the support and reliability we have experienced with our Fieldmaster equipment - and they don’t pay me to say that! Lance Pawley.

”

OPTIONS & EXTRAS

OPTIONAL ANTI-SCALP SAUCER

HEAVY DUTY PUNCTURE PROOF URETHANE-FILLED CASTER WHEELS

Bolt-on full-width Rear Roller kit (5" diameter)	\$1,220
H.D Rear tail swivel castor wheels kit (pair)	\$2,450
Hardfaced 'Tungsten' upgrade to mulch blades (per blade)	\$50
Front mount option	\$200
Over run clutch	\$1,150
Rear chain guard set	\$780
Dual hitch offset/center A Frame (offsets by 300mm)	\$1,290
H.D Anti-scalp saucer discs (per rotor)	\$390

OPTIONAL BOLT ON REAR ROLLER KIT

all prices exclude GST

GMM HD Multi Cut (1000RPM)

The GMM HD Multipurpose machine is built with our proven GMM deck, with the added strength of an extra heavy-duty drive line - as seen on our Titan Brush Cutter!

FEATURES:

- For big tractors with 120-250HP
- Fitted with triple stack mulching blades
- Front safety chain
- Removable rear mulch panels
- Easily changed over to be used as an H.D pasture topper, or a slasher, by changing blades (purchased separately)
- Fitted with a cam clutch integrated PTO 2000Nm
- Twin 5mm laminated construction with full width underbody bracing and overdeck gussets - for strength where it's needed
- Centre gearbox rated to 250hp transfers power through Centaflex industrial-drive couplings - a low maintenance drivetrain to handle serious PTO power levels

GMMHD230	2.3m wide, 2 rotor suits 120-250hp Tractor (1000RPM)	\$21,900
GMMHD270	2.7m wide, 2 rotor suits 120-250hp Tractor (1000RPM)	\$22,500

GMM XHD Multi Cut (1000RPM)

The GMM XHD multi-purpose machine with the added strength of a super-strong XHD deck and combined with the extra heavy-duty drive line - as seen on our Titan Brush Cutter!

FEATURES:

- Fitted with triple stack mulching blades
- Front safety chain
- Removable rear mulch panels
- Easily changed over to be used as an H.D pasture topper, or a Slasher, by changing blades (purchased separately)
- Fitted with a cam clutch integrated PTO 2000Nm
- 8mm double skin laminated deck
- Centre gearbox rated to 250hp transfers power through Centaflex industrial-drive couplings - a low maintenance drive train to handle serious PTO power levels

GMMXHD230	2.3m wide, 2 rotor suits 120-250hp Tractor (1000RPM)	\$24,900
GMMXHD270	2.7m wide, 2 rotor suits 120-250hp Tractor (1000RPM)	\$25,500

OPTIONS & EXTRAS

Bolt-on Full width Rear Roller kit (5" diameter)	\$1,220
Hardfaced 'Tungsten' upgrade to mulch blades (per blade)	\$50
Over run clutch	\$1,195
Rear chain guard set	\$780
H.D Anti-scalp saucer discs (per rotor)	\$390

GMT Gear Drive Pasture Topper

A rugged All Gear Drive pasture topper.

FEATURES:

- Fitted with "Gold-Tip" Blades
- A front PVC safety skirt
- High-clearance adjustable topping skids
- Floating top link
- Cat II linkage

GMT 200	'Pasture Topper' 2.0m 2 rotor (30-80hp)	\$11,500
GMT 230	'Pasture Topper' 2.3m 2 rotor (40-80hp)	\$12,300
GMT 270	'Pasture Topper' 2.7m 2 rotor (50-80hp)	\$12,700
GMT 300	'Pasture Topper' 3.0m 3 rotor (70-130hp)	\$14,500
	Full width Rear Roller kit (5" / 125mm diameter)	\$1,220
	HD Antiscalp saucers fitted (per rotor) each	\$390
	Front chain curtain in lieu of PVC rubber guard	\$520
	Cam clutch integrated PTO	\$1,895
	Over run clutch	\$995
	Friction clutch	\$695

TM Twin Belt Drive Pasture Toppers

A high-clearance, hi-speed, twin-belt driven pasture topper.

FEATURES:

- Fitted with Gold-Tip Blades
- High-clearance skids
- Open/wide grass flow vanes for lush pasture
- Front rubber safety skirt
- Floating top link
- PTO driveshaft
- Suits tractors 40-120hp
- Cat. II linkage

TM 240 (8')	3 spindle Pasture Topper	\$11,900
TM 270 (9')	4 spindle Pasture Topper	\$12,600
TM 300 (10')	4 spindle Pasture Topper	\$13,700
	"Hot Skids" heat treated skid wear plates (pair)	\$820
	Full width Rear Roller kit (125mm diameter)	\$1,220
	Front Anti-scalp skids or Anti-scalp saucers (each)	\$350
	Rear rubber safety skirt fitted (each)	\$530
	Friction clutch	\$695

VECTOR ROLLER MOWER

Vector Hydraulic Wing Fold Roller Mower (3.4m)

A heavy-duty, 5 spindle, hydraulic wing-fold Parks Roller Mower:

FEATURES:

- Suits tractors 70hp+
- Twin belt drive and wing float
- Fitted with "Gold Tip" Blades
- Full-width rear rollers
- Center front roller
- Small anti-scalp front wing rollers and acme screw cutting height adjustment
- Fitted with PVC safety skirts for safe discharge of grass clippings

VECTOR Rear mount c/w full width rear rollers & center front roller, hydraulic wing, fold 3400mm wide. (Made to order) **\$26,900**

PM Parks & Sportsfield Roller Mower

A Heavy Duty Twin-Belt Drive 5000 Series Rotary Mower:

FEATURES:

- Rear roller or optional twin rollers
- Twin-belt drive ensures maximum power
- Fitted with "Gold Tip" Blades
- Rear rubber safety skirt
- Suits tractors from 45-100hp
- Twin-belt drive to all spindles
- 67% speed-increaser pulley ratio
- Deep groove section belts to ensure maximum power delivery to blades in all conditions, plus extended belt life
- A triangulated 5mm deck for strength where needed, without adding weight

		Single Roller	Twin Roller
PM 210	(7') 2.1m Parks Roller Mower	\$12,200	\$12,700
PM 240	(8') 2.4m Parks Roller Mower	\$13,100	\$13,700
PM 270	(9') 2.7m Parks Roller Mower	\$14,100	\$14,700
PM 300	(10') 3.0m Parks Roller Mower (4 spindles)	\$14,900	\$15,700
	Friction clutch	\$695	

A low-profile, commercial-grade, precision-cutting, single-belt-drive Roller Mower:

FEATURES:

- Rear and/or front roller
- Fitted with "Gold Tip" Blades
- 3 HD spindles
- Infinite screw adjustable cut-height settings
- Full under body grass flow vanes for even grass discharge
- Floating top link and PTO driveshaft
- Weight matched for smaller horsepower, compact tractors
- Suits compact tractors 30-50hp
- Low profile with single or twin roller options
- Maintain a beautiful rolled lawn finish - full width rollers will 'stripe finish' lawns

PMM Minipark Roller Mower

PM 150MS	(5') 1.5m c/w Rear Roller	\$8,200
PM 150MT	(5') 1.5m c/w Twin Rollers	\$8,700
PM 180MS	(6') 1.8m c/w Rear Roller	\$8,800
PM 180MT	(6') 1.8m c/w Twin Rollers	\$9,400
	Cutter bar option	\$250

EURO GMX 200

Euro GMX 200 Roadside Mower

A rotary revolution in roadside vegetation management - the custom-designed verge mower:

FEATURES:

- Comprehensive testing by road safety authorities
- Front-mount options available
- 2-rotor mower
- Fitted with triple stack mulching blades
- Double row chain and PVC guarding for roadside safety
- Full-width rear Mega-roller
- LHS offsettable Cat II linkage - suits tractors 40-100hp
- Fitted with European gearbox, driveline and clutch

- Overlapping twin rotor cutting system with bi-level spring steel blades for consistent mowing at high speed PLUS the ability to handle roadside obstacles
- Discharge of all mowing material is contained within the mower body footprint
- Rotary blade configuration plus direct power transmission means reduced mowing time, lower maintenance costs, and lower fuel costs
- Outperforms flail mowers on safety, speed, and efficiency

EURO GMX 200	2.0m Roadside Mower	\$17,900
	8 Hardfaced 'tungsten' mulch blades fitted	\$400
	H.D. Anti-scalping saucers fitted (2 rotors)	\$780
	High density vegetation mulching carrier upgrade	\$1,895 pair

TITAN MOWER

Titan (120-250hp)

The Extra Heavy Duty 2.3m wide (2 rotor) Brush Cutter/Rotary Slasher:

FEATURES:

- Suits tractors up to 250hp
- 50mm & 25mm thick circular flail plates
- Fitted with triple stack mulching blades
- 6 x 16mm (5/8") flails
- Hydraulic-operated opening tailgate.
- Cat II and III linkage
- Front and rear debris chain-curtain fitted
- Rear safety scrub/forestry crusher frame and mulch rake - to push over and guide in foliage

- Twin opposing rotor, 25mm double clevis blade carriers equipped with 6x16mm axe flails - provide ultimate mulching at fast ground speed
- Hydraulic remote control rear tailgate operation maximises effectiveness on reversing manoeuvres - allowing you to feed in and 'swallow' taller foliage
- Centre gearbox rated to 250hp transfers power through Centaflex industrial-drive couplings - a low maintenance drivetrain to handle serious PTO power levels

TITAN	(2.3m) Slasher/Brushcutter c/w hydraulic opening/operated tailgate and twin 25mm dual clevis flail plates.	\$28,900
TITAN MULCHER	As above + fitted with 12 mulching flails, chain chokes and mulch vane	\$33,900
	Over run clutch	\$1,195
	Cam clutch integrated PTO	\$1,995

all prices exclude GST

GMF 360-R

The Dominator GMF360-R is just one of many set-up configurations available and is designed in a modular style CAD system in order to be able offer a huge range of set-up options.

FEATURES:

- Roller kits on all mowing decks
- Trailing swivel front or rear wheels
- 3-point linkage mounted or trailed version
- Wheels & anti-scalping skids combination
- Slasher blades for general purpose
- Fitted with 'Gold-Tip' Blade
- Mulching blades for heavy mowing, mulching etc
- Fitted with European gearbox, driveline and cam clutch

GMF 600-T Trailed VERSION

The Dominator W.A.M wing-hinge system allows unparalleled ground contour following without scalping - as well as the ability to mow in soft, unstable and wet conditions.

FEATURES:

- Fieldmaster's tested and reliable gear-drive transmission system is designed to withstand shock loadings with incorporated anti-shock flex couplings and clutches
- Fitted with 'Gold Tip' Blades
- Options are available for wheel and roller configurations, front and rear mounting

EURO GMF 360-R	(3.5m) 3pt linkage. Fitted with Front and Rear Rollers	\$34,000
EURO GMF 500-R	(5.0m) 3 pt linkage. Fitted with Front and Rear Rollers	\$42,000
EURO GMF 420-T	(4.2m) Trailed. c/w 4 Rear Wheels	\$39,500
EURO GMF 500-T	(5.0m) Trailed. c/w 6 Rear Wheels	\$44,000
EURO GMF 600-T	(6.0m) Trailed c/w 6 Rear Wheels	\$49,500

DOMINATOR WIDE AREA MOWER

“We were required to update our machine that mows the Masterton Airport and after doing lots of research we found the Fieldmaster Dominator Wide Area Mower/Mulcher. The team at Fieldmaster were great to work with and even travelled from Pukekohe to set the machine up for us. They also designed special parts we needed to complete the technical aspects of the Airport contract. This mower will also be used on roadside and large format areas that our business is required to cover. What’s best about this machine is “it’s simple to use” and any one of my staff can operate it with ease. What this means is that I’m confident to send any one of our staff to operate the Fieldmaster Wide Area Mower, without worrying about any issues. Overall it’s a great machine for our business. Fieldmaster and our local dealer have made sure we got what we needed - happy customer!” Dave , Wairarapa Shelter Trimming ”

The Dominator Compact series of wide-area, hydraulic folding, all gear drive mowers are a new generation of mowers, with specially ‘timed’ blade rotors to enable a compact mow from front to back - but not compromising on the width of cut!

FEATURES:

- Unparalleled hydraulic wing float whilst still retaining 100% drive
- Well over 15-20 degree wing float during operation
- A compact transport width (of under 2.2m on a GMF360)
- A unique modular build system that allows for a combination of different components to suit a wide range of mowing applications such as: Sports fields and stadiums, crop stubble mulching, pasture and paddock topping, airports, airfields and runways, parkland areas and set-aside reserves, rough and heavy mowing set aside areas, topping pastures in large farms and stations, fine cutting mowing on large rolling or undulating turf and turf farms

ADD: 1 x pair side blanking plates **\$390**

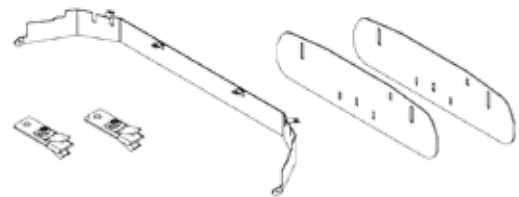

GM SERIES VINEYARD MOWERS

- With an extensive model range in 7 widths, and side or rear discharge versions, the GM Series mowers meet most orchard/mowing requirements.
- A specially designed compact twin and 3-rotor format, with synchronised blade overlap allows for an excellent turning circle and maneuverability, plus improved contour following in restricted areas.
- 100 mm wide kinked axe flails provide substantial impact and cutting power to handle prunings, while still giving the grass a clean, even finish - throwing to the side or rear.
- 'Triple-stack' mulcher blades on the GML have a central 100 x 10 upper and lower knife tips to provide finely chopped mulch material in all orchard/vineyard row conditions. These blades are double-edged and can be rotated for even wear and economical cutting life.

OPTIONS & EXTRAS:

HD Antiscalp saucers full set fitted (per rotor)	\$390
HD Friction slip clutch on driveshaft	\$680
Spare pasture topper flail set c/w 'Gold Tips' (140-270)	\$330
Spare pasture topper flail set c/w 'Gold Tips' (300/330)	\$430
Hardfaced 'Tungsten' upgrade to mulch blades (per blade)	\$50
Front mount option	\$200
4-way gearbox (160-270)	\$1,295
Front rubber safety skirt	\$590

VINEYARD/ORCHARD MULCHING KIT:

Consists of triple tip mulch blades, mulching vane/guard and side plates - turns your mower into the ultimate high-speed rotary mulcher. See accessory kit pricing under each model.

XHD Extreme HD Mower

Built Heavy-Duty, this rugged machine with 8mm double-skin laminated deck handles the demands of constant work in large vineyards and roadside areas. XHD can be ordered and is complimented with commercially rated options of 220mm diameter roller or urethane-filled puncture-proof wheel kits, the 'XHD' set up for side discharge is the popular vineyard choice.

FEATURES:

- HD - commercial grade deck
- Fitted with stepped axe flails
- XHD Gearbox and drive train
- Can be side or rear discharge if side panels are fitted
- Fitted with European gearboxes, driveline and cam clutch
- NEW - comes standard with heavy-duty couplings (centaflex)

XHD 160	(1.6m) c/w Front and Rear rollers	\$19,400
XHD 180	(1.8m) c/w Front and Rear rollers	\$19,500
XHD 200	(2.0m) c/w Front and Rear rollers	\$19,900
XHD 230	(2.3m) c/w Front and Rear rollers	\$20,400
	Factory fitted "Gold Tip" flail tips <i>in lieu</i> of axe flails	\$150
	Mulch kit c/w vane & blades for XHD	\$1,900
	1 x pair of side blanking plates for XHD	\$390
	Factory fitted front wheels kit <i>in lieu</i> of roller	\$900
	Factory fitted rear wheels kit <i>in lieu</i> of roller	\$900

MX Single Rotor Vineyard Mower

MX40
(WITH REAR ROLLER)

MX60
(ON SKIDS)

This heavy duty specialised vineyard mower compliments the XHD series.

MX Series vineyard mowers meet the market with a rugged, yet simple, 2-flail single-rotor machine for narrow rows - at a great value price

- Extra H.D commercial grade deck
- H.D headstock
- Adjustable skids with H.D wear shoes
- Fitted with stepped axe flails
- Rear discharge and floating top link

MX40	(3') Vineyard mower c/w skids	\$6,400
MX50	(4') Vineyard mower c/w skids	\$6,700
MX60	(5') Vineyard mower c/w skids	\$7,400
MX70	(6') Vineyard mower c/w skids	\$8,200
	Rear Mega Roller kit for MX	\$1,500
	1 pair HD castoring wheels kit (front or rear)	\$2,200
	Side panels in lieu of skids	N/C
	Side discharge skid (LH) in lieu of std skid	\$790
	Mulch kit fitted to MX models (incl blades)	\$1,150
	Friction clutch	\$695

ATV Pasture Topper

Fieldmaster's towed Quadtopper pasture toppers are specially designed toppers for New Zealand's lush pasture - with razor-sharp cutting tips for a clean cut and extra-high tip speed.

It provides a great solution for topping work!
A tough heavy-duty farmer's mower!

- Side panels are adjustable to set the cut height
- All engines are Briggs & Stratton heavy-duty, commercial grade, electric start engines
- Available in 1100mm and 1400mm widths

QUADTOPPER - L 1100mm wide cut ATV Topper		
QT-LE13HPE	c/w 13.5hp OHV (electric start) petrol engine	\$5,500
		Sth. Is Freight Surcharge \$220
QUADTOPPER - XL 1400mm wide cut ATV Topper		
QTXL18HPE	c/w 17.5hp OHV electric start petrol engine	\$6,400
		Sth. Is Freight Surcharge \$220

ATV Tow Flail Drum-Mulcher

A handy 'all-rounder' to hitch to your ATV quad bike to tidy and mow rough areas, weeds, paddock mowing and driveways - and it can also mulch small prunings!

- This great little mulcher cuts 1.2mtrs wide
- A powerful 13hp pull-start engine
- Easily adjustable for cutting between 25-70mm high
- 24 mulching spring steel hammer flails

AF120	ATV Flail mulcher (1.2m)	\$2,990
		Sth. Is Freight Surcharge \$150

ATV VINEYARD MOWER

The ATV Vineyard Mower has been designed and built by the Fieldmaster team to handle common vineyard mid-row conditions. It was developed in conjunction with a vineyard (Ara Wines) in the Waihopai Valley, Marlborough, with an especially challenging mowing environment of long narrow rows and a rough rock strewn soil. "Mowing there is as close as you could get to mowing on the moon"

ATV Vineyard Mower

FEATURES:

- 6mm deck
- 10mm side plates, adjustable to a set cut-height
- Front-wheel steer machine with urethane-filled puncture-proof wheels
- Front chain guard is standard with the machine
- 18hp Heavy Duty commercial grade, electric start engine
- Width of the machine at 1150mm allows it to fit between vine rows comfortably
- Suitable for 4-wheel drive ATVs with 400+cc

BUILT FOR YOUR CONDITIONS...B

Our equipment is modular and highly customisable:

Our New Zealand-built machinery is made from a modular design so that we have the flexibility to make a machine that will completely suit your requirements - rollers, wheels, front mount options, and more, can all be achieved off our main decks.

If there's something in the catalogue that's not exactly how you want it, there's a 90% chance that we can make you something to suit.

Talk to us about what you're wanting to achieve so we can give you a range of options that will suit your conditions.

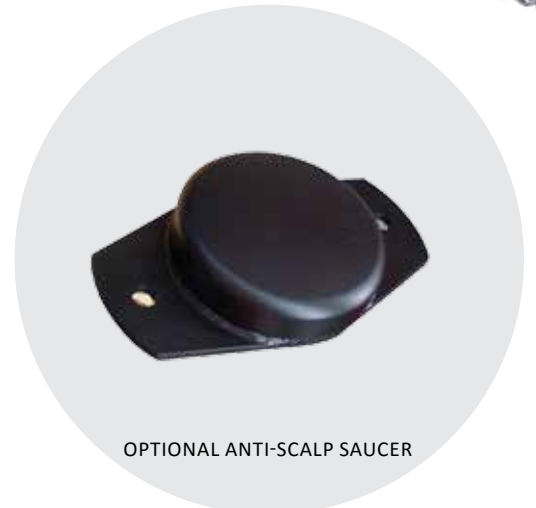

All flails are made in New Zealand from manganese-tempered spring steel.

OPTIONS & EXTRAS

Bolt-on Full width Rear Roller kit (5" diameter)	\$1,220
H.D Rear tail swivel castor wheels kit (pair)	\$2,450
Hardfaced 'Tungsten' upgrade to mulch blades (per blade)	\$50
Front mount option	\$200
Over run clutch	\$1,150
Rear chain guard set	\$780
Dual hitch offset/center A Frame (offsets by 300mm)	\$1,290
H.D Anti-scalp saucer discs (per rotor)	\$390

Fencer

BEST SELLER
For smaller dairy, beef & sheep farmers

FEATURES:

- 230kg (506lb) hammer
- 4.0m H.D. TRI-BEAM mast
- 3-bank valve hydraulic side angle
- Hydraulic top link

- Starts tough from the ground up: base frame and support legs are fabricated from 125 x 75 section RHS, which gives an extra-low centre of gravity - putting the weight and strength where it's needed, for safety and gravity.
- Power through the fencing: 8.1 rope-pully configuration means the hammer falls faster on retraction of the ram, for increased impact force
- Megaflow hydraulics valving is reamed out oversize, allowing oil to move through the operating system faster and cooler, for a quick, positive response - like a big-bore exhaust!
- The tri-beam mast (standard on Fencer & Combos) designed on the triangulation concept is 110% more resistant to twisting force than standard UB section beam. Because you get strength without unnecessary weight the machine operates smoothly without top-heavy, jerking movements.

FENCER	Hydraulic Post Driver	\$8,950
	Upgrade from 230kg to 280kg (616lb) hammer & heavy duty contractors post cap	\$940
	Top link extension bracket	\$190
	Side angle extension bracket	\$190
	Hyd. Side shift (250mm) nudge ram kit includes valve	\$1,520
	Extra valve slice (per slice)	\$420
	Q.R.C's on valve (per slice)	\$165
	Polypropylene post cap	\$95
	Closed circuit control valve mod (suits J.D etc)	\$80
	Folding/hinged 4.5m mast upgrade (manual fold)	\$1,850
	Hydraulic Folding (4.5m) mast w/ hydraulic ram & valve	\$2,450

Fencer Combo with Hydraulic Sideshift

The combo model delivers the ideal side-mounted post driver package for serious fencing jobs, coupling the popular Fencer machine with a heavy-duty hydraulic base - providing 600mm in and out travel.

- The Hydrasideshift base unit is constructed with a dual box section inner frame encased in the U-channel to provide a very rigid and stable anchor for the postdriver - essential to eliminate 'racking' and sloppy movement that can develop with lighter alternatives.
- A MPS multi-positioning four-way upgrade option adds forward and back hydraulic movement to this base.
- The Fencer combo unit is easily demountable so you can have the choice of a rear-mounted or side-mounted post driver at any time.

FEATURES:

- Hydra-side shift side mount kit
- 230kg (506lb) hammer
- Heavy duty 4.0m (13') TRI BEAM mast
- Hydraulic side angle
- Hydraulic side shift and top link
- 4-bank control valve
- Hydraulic sideshift on twin RHS slides

FENCER COMBO - 600	Hydraulic sideshift Postdriver as above (600mm sideshift)	\$14,050
FENCER COMBO - 900	Fitted with 900mm sideshift base	\$14,900
FENCER COMBO - 300	Ultra compact model with dual hitch linkage for an extra 260mm offset. Ultra Compact model is 1.09m from centre of tractor to outside of hammer when retracted. 300mm Hydraulic Sideshift	\$14,850
	MPS, 4 way operation provides backshift as well as sideshift and valve (upgrade)	\$2,600

FORTE COMBO

“ My first contact was via the Fieldmaster website. It was a credit to their sales team that a reply came within 24 hours. I had specific requests about modifications of the Fieldmaster Forte Hydra Side Shift Rammer. This was not a problem at all. The team at Fieldmaster, in partnership with our local tractor dealer, kept me up-to-date with progress throughout the construction process. I now have a one-off ‘built to my specs’ rammer, with a 5-metre folding mast. I am extremely pleased with my new post rammer. The combination of sales, service and contact throughout the whole construction process was hassle-free and I would thoroughly recommend this team of people to everyone. Ian Reid ”

	Extra valve slice (per slice)	\$420
	Q.R.C's on valve (per slice)	\$190
	Closed circuit control valve mod (suits J.D etc)	\$80
MANUAL SUPER SPIKE SHAFT	75mm tapered spike for light rock or pilot hole (extracts by raising hammer) c/w chain and brackets.	\$1,600

FEATURES:

- 180kg (400lb) hammer
- 4.0m mast
- 3 bank control valve (2 spare banks)
- Manual side angle

Forté

FEATURES:

- 320 kg (700lb) hammer
- 4.0m H.D. Beamtec mast
- H.D hydraulic side angle & top link rams
- 3-bank valve
- H.D postcap with polyethylene insert
- Side tilt and top links are upsized to 3" x 1.5" rams

FORTÉ	Hydraulic Post Driver	\$12,900
FORTÉ	Hydraulic Post Driver c/w Hydraulic Rock Spike extractor kit fitted including extra valve slice (add Rock Spike below)	\$17,800
	H.D solid 90mm Rock Spike c/w nylon cap	\$1,200
	H.D solid 120mm Rock Spike c/w nylon cap	\$1,400
	Sideshift nudge ram kit including extra valve slice	\$1,470
	Closed circuit control valve mod. (suits J.D etc)	\$80
	Hydraulic folding 4.5m mast including extra valve & hoses	\$2,750

Forté Combo with Hydraulic Sideshift

FEATURES:

- 600mm Hydra-side shift side mount kit
- 320 kg (700lb) hammer
- 4.0m H.D. Beamtec mast
- Hydraulic side angle & top link
- 4-bank valve
- H.D postcap with polyethylene insert

FORTÉ COMBO-600	Hydraulic Sideshift Post Driver with 600mm Hydraulic Sideshift	\$18,000
FORTÉ COMBO-900	Hydraulic Sideshift Post Driver with 900mm Hydraulic Sideshift	\$18,800
FORTÉ COMBO-300	Hydraulic Sideshift Post Driver with Ultra Compact Hydraulic Sideshift (1.1m from the centre of tractor to outside of hammer when retracted with 300mm sideshift). Dual linkage mounts for an extra 260mm Sideshift.	\$18,850
	MPS, 4 way operation provides backshift as well as sideshift including extra valve and hoses	\$2,300

FORTE POSTDRIVERS

- A heavy duty offset base frame provides an extra-low centre of gravity for stability and strength, and maximum penetration depth for driving posts and spikes.
- Oversize 3"x1.5" angle-adjustment hydraulic cylinders control most angles effortlessly, despite the substantial mast weight and structure.

Optional 4.5m hydraulic folding mast

The custom-fabricated 'Beamtec' mast section is exclusive to the Forte model. The unique triangulation design has been stress-tested by computer simulation and proven to be 21 times more resistant to twisting than an equivalent sized 180 U-beam type. The mast profile has a 16mm flange for outstanding strength and wear resistance against the hammer slides.

Beamtec mast section

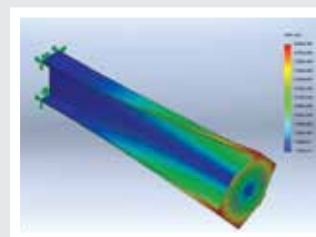

Image from stress testing.

Hydraulic Rockspike Extractor & Pilot Auger Kit

Factory-fitted rockspike & auger accessory kits are custom designed for ease of operation on Forté post drivers. For hard ground conditions specify factory-fitted rockspike or auger options that swing into position to prepare the ground before ramming. Hydraulically driven and extracted for effortless operation, the auger unit can be driven in with the hammer action.

HYDRASPIKE	Hydraulic Rock Spike Extractor kit for Fencer & Forté models c/w extractor ram, hoses & 40mm lifting plate, extra valve (excludes Rock Spike)	\$4,900
	Rock Spike 90mm c/w nylon cap	\$1,200
	Rock Spike 120mm c/w nylon cap	\$1,400
HYDRAULIC PILOT AUGER KIT	Comes with hydraulic motor & hoses, extra valve slice. This kit can be used as a Rock Spike Extractor (above) by removing the hydraulic motor.- add Auger/s as below	\$5,500
MANUAL PILOT AUGER KIT	Swings onto and attaches under hammer weight, and is lifted and lowered with the hammer weight. Kit is supplied c/w motor & hoses. Add Auger/s as below	\$2,950
	Auger 100mm (4") – NZ Made	\$1,200
	Auger 150mm (6") – NZ Made	\$1,400
	Single Valve Bank (Retro-Fit) c/w hoses	\$680
	Double valve bank (Retro-fit) c/w noses	\$880

Hydrasideshift Bases

Easily detachable hydraulic sideshift bases for post drivers - suits most available brands.

HSS900
900mm SIDESHIFT BASE

HSS300
ULTRA COMPACT 300m
SIDESHIFT BASE

HSS600
STANDARD 600mm

		Side Shift	Back Shift	
HSS600	Hydrasideshift Standard Base c/w counterbalance weight, tool holder, hose kit, dual slide frame	600mm	-	\$5,100
HSS600/4W	Hydrasideshift 4Way Base. As above, but with MPS '4-way' / backshift (360°) movement (forward, rev, in, out)	600mm	250mm	\$6,990
HSS300	Hydrasideshift Ultra Compact Base (1.09m from centre of tractor to outside of hammer) with extra set of linkage points to enable another 260mm offset	300mm	-	\$5,950
HSS900	Hydrasideshift Standard Base c/w counterbalance weight, aluminum tool holder box, hose kit, dual slide frame	900mm	-	\$5,900
HSS900/4W	Hydrasideshift 4Way Base As above, but with MPS '4-way' / backshift (360°) movement (forward, rev, in, out)	900mm	250mm	\$7,800
SBV/C	Single bank valve kit	-	-	\$680

Remember to add extra retrofit valves if fitting to existing Rammer, see below:

Static Side Mount Frame

- Mounts rammer at 90° to tractor kit
- Comes with hose extensions, pins and adjuster arm to fit the post driver.

SMF /CB	Side mount frame with counter balance weight and tool holder (pictured)	\$2,700
SMF /F	Without counterbalance and tool holder	\$1,950

MF Disc Ploughs

Fieldmaster’s MF Disc ploughs are easy on horse power and great for the soil because they make a finer cut and give better aeration than a conventional plough.

- Large 66cm heavy duty discs equally spaced at 53cm will work to a depth of 25cm.

This is the original well-proven Massey Ferguson designed disc plough.

This form of ploughing is suited to a wide range of soil types including peat and sandy country. It’s ideal for ploughing crop residue and stubble back in after harvesting.

	No Discs	Length	Wide	Weight	
MDP 2	2	1155mm	660mm	310kg	\$3,990
MDP 3	3	2130mm	660mm	400kg	\$5,290
MDP 4	4	2520mm	1320mm	470kg	\$7,290
MDP 5	5	2910mm	1650mm	540kg	\$8,650
MDP 6	6	3200mm	1980mm	610kg	\$9,750

Springtine Cultivator

The Springtime Cultivator is a very versatile tool! It’s ideal for fast and efficient land levelling, seed preparation, stubble cleaning and weed control. The unique design allows you to do high-speed passes at an optimum working depth of 12 cm.

FEATURES:

- Suitable for tractors 16hp and higher
- Heavy-duty 12mm spring tines
- A HD RHS 4-row frame
- Curved 'L' blades (1.0M = 20/1.5M =28)
- Cultivator frame is blasted and oven-baked powder coated for a long lifespan
- Height adjustable full-width rear crumbler roller
- Oil bath over the chain drives
- Skid depth adjustments/ working depth 150mm
- Rear deflectors and adjustable tailgate
- Heavy duty 18" diameter rotor

		Number Tines	
ST1500	1.5m Cultivator c/w Roller	16	\$2,990

Rotary Tiller / Rotary Hoe

320200	1.0m- 40" Rotary Hoe/Tiller- (16-25 Hp)	\$2,590
320215	1.5m- 60" Rotary Hoe/Tiller- (30-40 Hp)	\$2,990

The Fieldmaster range of compact rotary hoes are ideal for when you need to turn hard ground into a perfect seed bed quickly and easily. These rugged models are ideal for gardening, landscaping, orchards or any other soil-based project you need to do.

Cambridge Rollers

Fieldmaster's new range of rollers are the ideal implement to level out any rough rugged pasture which has been damaged after winter.

- Constructed from heavy-duty RHS
- Tough grease-able pillow block bearing, HD axle
- The Cambridge Roller has dozens of cast iron 'V-shaped' roller rings and offers unmatched effectiveness when it comes to pasture preparation, preparing pugging, or re-grassing

CR 1500	1.5m (5') rolling ring Cambridge roller	\$4,350
CR 2100	2.1m (7') Rolling ring Cambridge roller	\$4,950
CR 2700	2.7m (9') Rolling ring Cambridge roller	\$6,750
CR 300	3.0m (10') Rolling ring Cambridge roller	\$8,500

3pt Linkage Compact Discs

Compact yet durable cultivation disc sets for small tractors with front scalloped blades.

FEATURES:

- Suits tractors 16-40hp
- Tough discs - built to last!
- Fitted with 18" (45cm) diameter discs

940352	1.8m (6') Tandem discs	\$1,995
---------------	------------------------	----------------

Jumbo Buster Ripper

Fieldmaster's Chisel Ploughs or Deep Rippers are invaluable for improving poor drainage, compacted soil and hard pans (under the topsoil).

FEATURES:

- Working depth of 20-45cm
- Tine spacing 250mm
- 3-13 tine options with optional roller kits

Uses include:

Soil Aeration: Breaks up the top soil into big random clods which allows air into the soil and helps with the drying out of puggy areas. Also speeds up the decomposing of stubble and releases the nutrients better.

Pan Breaking: Breaking up the lower hard pan allows roots to penetrate deeper to moisture in dry weather and improves drainage in the wet.

	Width	HP Rqd	Weight	No. Tines	
GOCP 5	1600	50-70	310	5	\$4,590
GOCP 7	2100	60-80	390	7	\$5,290

HD '2 Mode' Drag Harrow

1.8m wide x 1.5m long,

This multi-purpose 2-in-1 drag harrow can be much more than a conventional harrow. By reversing or rotating the harrow you are able to select from:

- Fine mode: prepares finer seed beds
- Aggressive mode: maintains tracks, incorporates herbicides, scatters livestock droppings, maintains and renovates pastures, works in seeds and fertiliser, and shreds rubbish as it works

45-0390 HD2 Mode Drag Harrow **\$690**

Sth. Is Freight Surcharge \$100

Rear Carry-All Trip Scoop Bucket

All purpose carry-all rear bucket with trip mechanism for tipping/dumping and unloading.

FEATURES:

- Replaceable weld on cutting edge
- Both models suit tractors from 18-50hp with Cat I linkage
- Dimensions: 70cm deep x 60cm high

Trip Scoop 1200 0.3m³ capacity. Width: 1.2m (4") **\$1,350**

Trip Scoop 1500 0.4m³ capacity. Width: 1.5m (5") **\$1,750**

Sth. Is Freight Surcharge \$150

Mini Reversible Dirt Scoop

An all-purpose dual linkage/reversible mini dirt scoop for scooping/loading and dumping dirt and other loose materials.

FEATURES:

- 30"/760mm wide
- By moving the lower linkage pins, it can be used in either forward or reverse direction
- For tractors 18-40hp Cat I

DS30 Mini Dirt Scoop. Width: 760mm **\$795**

Sth. Is Freight Surcharge \$150

PTO-driven rotary drain digger/cleaner for forming & cleaning out drainage channels.

FEATURES:

- 6 x rotary-hoe blades on 700mm rotor cut a concave trench up to 260mm deep
- Adjustable discharge chute and depth control shoe
- Cat I linkage
- Supplied with slip clutch protection
- 6-series PTO driveshaft
- Suits tractors 30-80 Hp

Vortex Drain Digger/Cleaner

VORTEX Rotary Drain Digger/Cleaner **\$4,990**

SBX Box Scrapers / Blade

Box blades are a lot more effective than just a standard scraper/grader blade as the 'boxed in' sides allow for better control and retention of the cut material.

Only in recent years are New Zealanders beginning to realise the advantages of these blades!

Heavy duty box scrapers with removable and adjustable front scarifiers for levelling, finish grading and backfilling.

FEATURES:

- Double cutting edges (front & back) for forward and reverse blading
- SBXH-7 Model has Cat I & II linkage

SBX-6
(18-50HP)

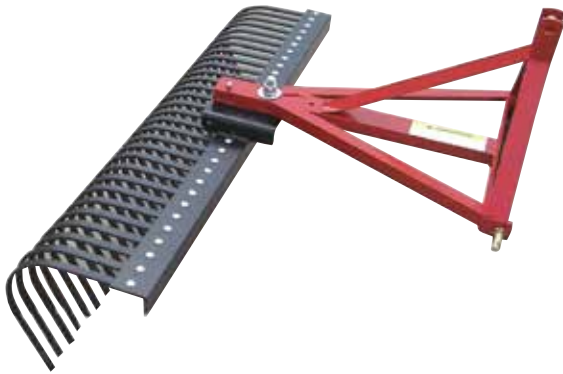

SBXH-7
(40-70HP)

SBX-5	(5') 1500mm Box Scraper c/w 4 shanks	\$1,590

all prices exclude GST

Swivel Tach

The Swivel Tach is an interface attachment that fits to the front loader of your tractor, prior to the acquisition of forks or a bucket. With the Swivel Tach in place, it allows the operator a horizontal tilting of 23.5 degrees, both left and right of the vertical axis, for the implement being used. Easily fitted and removed, the Swivel Tach is operated by the tractors hydraulic system, via standard connectors. The Swivel Tach has been designed to easily handle the same weights and stresses, that a front loader implement would normally be subject to.

SWIVEL TACH SG-26	Swivel Tach EURO	\$3,995
SWIVEL TACH SG-36	Swivel Tach MX	\$3,995

Valumix PTO Mixer

Durable two-piece steel drum PTO mixer saves you time mixing feed, fertiliser, potting mix & concrete.

FEATURES:

- 140 ltrs (5 cu.ft) capacity
- Compact, trouble-free design with internal mixing paddles
- Hydraulic top link for precise dumping
- Cat I linkage
- Supplied with shearbolt driveshaft
- Operates on 540 RPM tractors PTO

VM-50	Valumix PTO Mixer	\$2,750
		Sth. Is Freight Surcharge \$100

This handy 3-point linkage fertiliser spreader is designed to suit smaller 25-45hp compact tractors for small blocks.

A well-finished durable hopper with a strong alloy hi-speed gearbox makes light work for spreading fertiliser on small paddocks.

FEATURES:

- Spreads up to 15-20 metres wide
- Operates from the 540 RPM tractor PTO
- 3-point linkage mounted
- PTO driveshaft
- Weight: 70Kgs
- Dimensions: 1200mm x 1050mm x 1520mm

SP600	3pt linkage fertiliser spreader	\$1,495

Poly Convertible Push/Tow Dump Cart

45-0345 Push/Tow Convertible Dump Cart **\$375**
Sth. Is Freight Surcharge \$100

The convertible Poly Cart easily converts from a push cart to a tow cart by simply unfolding the hitch. The convertible cart can be used as a wheelbarrow for hauling and dumping while providing greater stability and ease of use.

- FEATURES:**
- 225 kg load capacity
 - One piece, rust proof poly bin
 - Bin size 75cm x 105cm x 28cm
 - High, 14" x 4" pneumatic wheels
 - Quick switching between towing or pushing
 - Quality USA made product

Poly Garden Cart

45-0226 Poly garden Cart **\$295**
Sth. Is Freight Surcharge \$100

User-friendly 'big wheel' carts make old single wheel barrows a thing of the past! Ideal for nursery, lifestyle and small block farms and gardens.

- FEATURES:**
- 136kg load capacity
 - Seamless rust-proof smooth poly bed provides for easy dumping and clean up
 - Better stability with 20" (50cm) pneumatic wheels
 - Steel tube handle provides comfortable grip
 - 6 cubic ft capacity

Zero Turn Mower Dump Cart

45-0449 ZT Convertible Poly cart & bumper kit **\$435**

Sth. Is Freight Surcharge \$100

This unique 'limited edition' poly dump cart is specially designed to fit Cub Cadet, Craftsman, John Deere, Toro & Husqvarna zero-turn mowers.

- FEATURES:**
- Supplied with a rear bumper kit for mounting.
 - Durable poly tray
 - 100 kg load capacity
 - Tips with a single lever - making it a versatile, easy to operate accessory for your ZT mower.
 - Converts in seconds to a handy push wheelbarrow as shown

Transport Trays

40" Tine De-thatcher

Tine de-thatchers do a gentle job of bringing layers of thatch and large clippings to the surface for a healthier lawn.

Towed lawn de-thatcher has 20 heat-treated spring tines over its 1m width to effectively remove thatch.

FEATURES:

- Weight tray can take an additional 30kg for improved penetration and removal
- 7" tyres provide a smooth ride
- Cantilever transport handle means raising and lowering is quick and easy

45-0294 Tine De-thatcher 40" (1.0m) **\$320**

Earthway Hand Spreader - Seeder

This ever-so-popular hand operated bag spreader / seeder is designed as an easy to operate 'over-the-shoulder' spreader and is specially designed for lawns, gardens and small blocks where a larger capacity is needed to be spread by hand.

FEATURES:

- A wide comfortable shoulder strap
- HD nylon zipper bag
- Oscillating shut-off plate to prevent clumping and to aid consistent flow
- A spring-action flow rate control
- Support grip
- A high RPM gearbox (with quality glass filled nylon gears) provides a smooth, feathered edge, broadcast spread!

2700-A Earthway Hand Spreader- Seeder **\$195**

'Vac 'n' Go' Vacuum Collectors for Ride-on Mowers

SOFT TOP
Vac'n'Go

HARD TOP
Chip'n'Vac

These great machines connect with a hose to your ride-on mower and will collect and vacuum clippings, leaves and debris.

At the same time the built-in chipper turns branches and twigs into mulch.

With the included deck adapter you can easily attach to 40 different ride-on mowers (templates included) that discharge from the right hand side.

FEATURES:

- The handy optional 3.6m 'Wander Hose' is great for cleaning out stables, collecting manure, and many other tasks around the farm
- 8hp engine powers the vacuum (and chipper chute on the Chip 'n' Vac for up to 50mm diameter branches)
- A remote 'wander hose' kit turns these units into your outdoor vacuum cleaner!
- Vented cover with steel base and sides
- 0.95 m³ capacity
